CONSENT OF INFORMATION

At this time, **Eri Tina Theotokas-Siklas (*LegendEri SLP*)** is not an in-network provider with your insurance company. To assist you with receiving reimbursement for your services, I have created this document to guide you in determining your out-of-network reimbursement benefits. In some cases, the total cost of the evaluation and/or therapy session is reimbursed, so I recommend going through the steps below to better understand your plan's benefits. Knowing your out-of-network insurance benefits is your responsibility. Please contact your insurance company with any questions you may have regarding your coverage.

As I do not bill your insurance for you or receive any reimbursement from your insurance company, **payment in full is due before each visit.** Your insurance company will directly reimburse you for any covered services.

Out-of-network reimbursement is the client's responsibility.

I highly recommend submitting your Superbills monthly (OR as indicated by your insurance company) to ensure any details or additional documentation requests are handled in a timely manner.

In the event the insurance company requests additional documents such as a Letter of Medical Necessity, evaluation report, therapy session notes, etc., I will work with you to provide the necessary documentation. However, this can be very time-consuming, and thus, **any support for your out-of-network reimbursement that requires an excess of 15 minutes will be billed to you at the hourly rate of \$200/hour.**
